

BUILD THE FOUNDATIONS OF A SUCCESSFUL PRODUCTION SYSTEM

5S is one of the most established Lean methodologies and is an essential foundation of a successful production system.

The TXM Training Practical 5S approach will improve performance for you and your organisation and drive your teams to achieve year on year improvement. You will learn the 5S's and how to apply them in your workplace:

- Sort
- Set in Order
- Shine
- Standardise
- Sustain and Improve

Our Practical 5S workshop provides a simple practical system for workplace organisation leading to sustained results. P5S is an easy to understand effective start point for workplace standards and simple techniques that you can extend across your business.

You will get to apply 5S in a real workplace in our host site. This means you won't just learn the theory, but will get hands on experience of how to apply it in a real world situation.

RECOMMENDED FOR:

- Production Leaders
- Warehouse Leaders
- Operations Leaders
- Team Leaders
- Maintenance Leaders
- CI Leaders
- Operations Team Members
