

UNLOCK THE FULL POTENTIAL OF YOUR ORGANISATION

Lean is one of the most successful continuous improvement systems in the world. It is key to unlocking you and your organisations full potential.

Our Lean Basics – Simulation Workshop is aimed at introducing the basic concepts of Lean methodologies and continuous improvement by demonstrating a hands-on practical simulation.

Our workshop provides an overview of Lean methodologies to improve competitive advantage and operational excellence.

You will learn about core lean concepts including one piece flow, standard work, pull and production levelling. You will be introduced to the principles of “Kaizen” as you make improvements to the process during the course of the day.

The simulation is an excellent way to get to grips with Lean concepts in a practical hands on setting.

RECOMMENDED FOR:

- Production Leaders
- Warehouse Leaders
- Operations Leaders
- Supply Chain Leaders
- Maintenance Leaders
- CI Leaders
- Supervisors

PROGRAM SESSION

- Introduction to Lean
- Core Lean Concepts - Interactive full day
Lego Simulation
- Flow, Pull, Levelling
- Standard Work
- Line Balancing & Work Design
- Using Kaizen to improve the standard

SESSION STRUCTURE

- | | |
|---------|------------------------|
| 9:00am | Arrival and Networking |
| 9:10am | Morning Session |
| 10:30am | Morning Tea Break |
| 10:45am | Mid-Morning Session |
| 12:30pm | Lunch |
| 1:00pm | Afternoon Session |
| 2:30pm | Afternoon Tea Break |
| 2:45pm | Late Afternoon Session |
| 4:15pm | Q & A Session |
| 5:00pm | Finish |

PROGRAM FEES

BEST PRACTICE NETWORK MEMBER: \$585 (+GST)

TXM CLIENT: \$810 (+GST)

FULL PRICE: \$900 (+GST)
