

BUILD THE FOUNDATIONS OF A SUCCESSFUL PRODUCTION SYSTEM

5S is one of the most established Lean methodologies and is an essential foundation of a successful production system.

Our approach will improve performance for you and your organisation and drive your teams to achieve year on year improvement. You will learn the 5S's and how to apply them in your workplace.

Practical 5S is an easy to understand effective start point for workplace standards and simple techniques that you can extend across your business.
